

North Montgomery Early Learning Academy (ELA) for 3 Year Old Children

North Montgomery is starting a new program designed specifically for 3 year olds! The ELA will strive to provide educational, quality childcare and learning opportunities for every child. Through discovery learning and play, each child can grow and learn at their own rate. By providing a culture of care and a staff trained in appropriate early childhood foundations, we will provide a learning environment where children feel safe to explore and learn through discovery.

North Montgomery is working towards a Level 3 in Paths to QUALITY™, Indiana's voluntary quality rating and improvement system. In addition to creating an environment that promotes children's learning, we are using a planned curriculum to meet each child's learning needs. In order to reach

Level 3 we have committed to improve program quality for your child by:

- planning activities that lead to Kindergarten readiness
- participating in additional training and education
- inviting families to be part of program activities
- evaluating and improving our program to provide the best care and learning environment for each child
