ARTICLE I. Recognition and Definitions

Section A. Recognition

The North Montgomery Community School Corporation hereby recognizes the North Montgomery Teachers Association as the exclusive bargaining representative of all certificated employees in the School Corporation pursuant to I.C. 20-29-6-4. Such representation shall exclude the Superintendent, Principals, and any other administrative position deemed appropriate for operating the school corporation.

Section B. Definitions

1. The term "Teacher," shall refer to all certified personnel employed by the North Montgomery Community School Corporation.
2. The term "School Corporation," when used in the agreement, shall mean the North Montgomery Community School Corporation (NMCS) of the County of Montgomery, State of Indiana.
3. The terms "Board" and "Association" shall include the authorized officers and representatives. The term "Board" shall also mean their Designee.
4. The term "NMTA" Executive Board is the elected governing body of the NMTA.
5. The "Superintendent" can also mean his/her Designee.

ARTICLE II. Leaves of Absence

Section A. Paid Leaves of Absence

1. Personal Illness. Teachers are entitled to be absent from work a total of ten (10) days each year in the School Corporation thereafter for personal illness. These days shall accumulate to 120 days available to use as sick leave only. In the event a Teacher shall have accumulated one (1) or more days of sick leave in another School Corporation and shall become employed in this School Corporation, up to three (3) days of sick leave shall be added each year until the sixth (6) year when all remaining outside personal illness days may be transferred to the Teacher's personal illness bank. Teachers, who accumulated less than 120 days by August 12, 2001, will accumulate to 120 personal illness days and no more. Teachers who have more than 120 days will be allowed to continue accumulating to the maximum of 183 personal illness days.
 - A. If a Teacher has a catastrophic illness that does not allow him/her to enter into the long-term disability plan, he/she may appeal to the Superintendent for approval for up to an additional thirty (30) days of sick leave and/or tap the Personal Illness Bank.
 - B. Any certified employee who has accumulated a minimum of ninety-three (93) personal illness days, may, with a completed form to the Central Office, once in a twelve (12) month period exchange three (3) personal illness days with the School

Corporation for a voucher amounting up to a dollar amount that is equal to two and half (2-1/2) times the highest current daily sub-rate toward an annual individual membership fee at the Health/Fitness Center of the employee's choice or participate in the NMCSC Comprehensive Health Improvement (CHIP) program. This membership may be used by the employee only and must be reapplied for each year with the same guidelines. Voucher checks will be written directly to the health club of choice. (This clause includes facilities that enhance overall health, fitness, and cardiovascular conditioning that helps employees achieve a more healthful life. It is not the intent of this clause to include facilities or clubs such as weight loss, golfing, or similar recreational or therapeutic enterprises.)

2. **Personal Leave.** Teachers shall be granted three (3) days of personal leave with pay during the school year. Personal leave shall not be considered as personal illness days. The Teacher must give written notification to the Superintendent of Schools. Any unused personal leave days shall accumulate with the Teacher's unused personal illness days. A family illness day may be transferred to a personal leave day if needed, with prior authorization by the Superintendent.
3. **Family Illness.** A Teacher shall be entitled to be absent for reasons of family illness for a total of four (4) days during a school year. Family shall be defined as immediate family (mother, father, spouse, son, daughter, and guardianships). These days shall not be charged against personal illness days. An immediate family member who is ill is the only use for these days. They are not taken from personal illness days, nor do they accumulate. These are not "personal" leave days. A family illness day may be transferred to a personal leave day if needed. Teachers who believe they have a similar relationship established by marriage or a relative or dependent who at the time is a member of their household may initiate an Emergency Leave provision request. In extreme cases, Teachers who are in need of additional Family Illness days, without loss of compensation, may submit a Letter of Request via email to the Superintendent, for the consideration of a maximum of four (4) additional Family Illness days per year. If approved, these days may be moved from any accumulated Personal Illness days related to the individual Teacher of request and if not used by years' end, will move back into the Personal Illness account for the Teacher. If Personal Illness days are depleted, then the requested days, if approved, would be taken from the Personal Illness Bank, as provided by the Master Contract. (Personal Leave days must have been exhausted before this request may become valid.)
4. **Death and Bereavement.** A Teacher shall be granted bereavement days in the case of each death in the immediate family without loss of compensation. This leave, at the Teacher's discretion, shall not extend more than five (5) consecutive school days for each death during that school year. Immediate family shall be father, mother, brother, sister, husband, wife, child, and other similar relationship established by marriage, as well as any other relative or dependent who at the time of the death, was a member of the household of the Teacher. Each Teacher shall be granted one (1) day of leave for deaths of other family members and friends; usually the day of the funeral. Days shall not be charged against personal illness days and do not accumulate.

5. **Emergency Leave.** A Teacher may be granted, with the Superintendent's approval, an emergency leave during the school year. Emergency is defined as a sudden need for immediate attention. Therefore, foreknowledge of an event is not, an emergency. If a crisis does not exist, a personal leave day would be the appropriate choice of a day not an emergency day. If a Teacher granted emergency leave has not used all available personal leave days, the day(s) will be charged to personal leave. If a Teacher granted an emergency leave has used all personal leave days but has not used all illness days, the day will be charged to illness.
6. **Professional Leave.** A Teacher may be entitled to curricular professional leave during either the school year or summer months. The leave shall be for the betterment of the staff/Teacher, students, or School Corporation. The Principal and/or Superintendent shall approve professional leave days. The Principal has the right to approve or not approve professional leave days; however, if a request is denied, the Teacher may appeal the decision to the Superintendent. Costs of professional leave shall be borne by the School Corporation. After an approved leave has been made, an itemized statement of expenses attached to the claim which is submitted for reimbursement (receipts for lodging, transportation, and any miscellaneous expenses). The Teacher shall be responsible to give a brief overview of his/her new learning to the Principal after his/her return and/or at the next regularly scheduled faculty meeting.
7. **Educational Leave.** A Teacher recommended or appointed to represent a school, an area of instructional service or the School Corporation may be granted a leave with pay to attend an educational conference or convention for a period not to exceed five (5) days and shall be allowed the expenses associated with the attendance and travel fare. Application for educational leave must be made in advance for Board approval. After an approved trip has been made, the Teacher must file an itemized statement of expenses and attach to the claim all receipts for lodging, transportation and any other miscellaneous expenses, if applicable.
8. **Jury Duty.** Teachers subpoenaed for jury duty shall be entitled to a leave during the necessary period and shall be paid by the Board the difference between jury duty and regular salary.
9. **Discretionary Leaves.** The Superintendent has the power to grant any additional leaves as deemed necessary. These days do not accumulate and are not to be taken from any personal illness days.

Section B. Maternity Leave

- A Teacher who is pregnant may continue in active employment as late into the pregnancy as she wishes, if she can fulfill the requirement of her position. Temporary disability caused by pregnancy shall be governed by the following:
 - (1) Any Teacher who is pregnant shall be granted a leave of absence any time between the commencement of her pregnancy and one (1) year following the birth of her child, if she notifies the Superintendent at least thirty (30) days before the date on which she wishes to start her leave. She shall notify the Superintendent of the expected length of this leave, including with this notice either a physician's statement certifying her pregnancy or a copy of the birth certificate of the newborn, whichever is applicable. However, in case of medical emergency caused by

pregnancy, the Teacher shall be granted a leave, as otherwise provided in this section, immediately on her request and the certification of the emergency from an attending physician. The leave of absence shall begin at the end of a grading period to the greatest extent possible allowed under the circumstances. Where the teacher's condition raises any serious problem to the teacher's health in the period prior to the beginning of leave, the corporation may request a statement by the teacher's physician as to the teacher's ability to continue teaching including a diagnosis and prognosis. The initial doctor's statement shall be provided at the teacher's expense. Any subsequent opinion requested by the Board shall be from a mutually agreed to doctor at the Board's expense.

(2) All or part of a leave taken by a Teacher because of a temporary disability caused by pregnancy may be charged, at her discretion, to her available personal illness days. However, the Teacher is not entitled to take accumulated sick leave days when the Teacher's physician certifies that the Teacher is capable of performing the Teacher's regular teaching duties. The Teacher is entitled to complete the remaining leave without pay.

NOTE - This leave may be taken when a doctor certifies the need--either before or "directly" following the birth of the child. This is directly related to the birth of the child not after a period of vacation time. Personal illness days can only be taken when a doctor certifies temporary disability/recuperation time from the onset of the pregnancy to the birth and following recuperation time.

Section C. Paternity Leave

When a child is born to the wife of a male Teacher, he will be granted two (2) school days paternity leave with pay. These days must be taken within ten (10) school days following the birth of the child. Additional paternity leave shall be granted for up to a period of one (1) year without pay. The Teacher shall notify the Superintendent of the expected length of the leave at least thirty (30) days before he wishes to start his leave.

Section D. Adoptive Leave

A Teacher who adopts a child shall be granted two (2) school days adoptive leave with pay. These days must be taken within thirty (30) days of the placement of the child. Additional adoptive leave shall be granted for up to a period of one (1) year without pay. If the necessity for leave is foreseeable based on the expected birth or placement, the Teacher shall provide the Superintendent with not less than thirty (30) days notice before the leave is to begin, except that the date of birth or placement requires the leave to begin in less than thirty (30) days, the Teacher shall provide such notice as is practicable.

ARTICLE III. Professional Compensation

Section A. Salaries

1. NMCS teachers employed during school year 2018-2019 who continue employment with NMCS in 2019-2020 (factor 1- experience) and earn a teacher effectiveness rating of Effective or Highly Effective (factor 2 – evaluation based on preliminary 2018-2019 evaluation results) shall receive an additional base salary increase for 2019-2020 of \$3000.00. Teachers rated ineffective or improvement necessary in the prior school year are not eligible for any salary increase in the current year and remain at their yearly salary.

Factor	Weight
-Experience	20%
-Evaluation Results	80%

Teachers will receive a prorated sum reflecting the base increase accrued from the start of the new contract term within two (2) payroll cycles of the ratified contract. The remaining increase will be evenly distributed throughout the 2019-2020 payroll.

If finalized evaluation data released by IDOE results in a change of teacher rating to Improvement Necessary or Ineffective for 2018-2019, a reduction in payroll will be made at that time.

1. Teachers shall receive their pay by direct deposit on alternating Fridays. For those electing twenty-six (26) payments, the first (1st) payday of each school year shall be the second (2nd) Friday following the last payday of the previous school year. A Teacher will be paid in twenty-two (22) payments unless the Teacher notifies the Central Office in writing of his/her desire to receive twenty-six (26) payments. A Teacher may receive the remaining portion of his/her Contract the first (1st) pay of June if the Teacher notifies the Central Office, in writing, by May 1.
2. Salary range is \$37,000.00- \$68,500.00.
3. Any funds that would have been distributed to teachers who were rated ineffective or needs improvement for the prior year, will be equally distributed as a base salary increase for all returning teachers receiving an effective or highly effective evaluation.

Section B. Stipends

1. NMCS will recognize the efforts of teachers rating Effective or Highly Effective, with additional compensation. Teachers are eligible for stipends if they are present in the classroom one hundred twenty (120) or more student days within the school year.
2. The funds (\$189,000.00) (126 teachers x \$1500) will be appropriated for a one-time, non-recurring stipend. Stipend amounts will be calculated by the number of teachers rated as Effective and Highly Effective at the conclusion of the school year. Stipends will be

distributed through payroll in one lump sum within two (2) pay cycles following data released by the DOE to determine summative ratings. A teacher must be considered in good standing with the Corporation by fully participating in all evaluations, meeting all expectations, and be teaching at NMCSC when the payment is made. Any funds that would have been distributed to teachers who were rated ineffective or needs improvement for the prior year, will be equally distributed amongst all teachers receiving an effective or highly effective evaluation.

Section C. Establishing the Base Salary of a New Teacher

1. IC 20-29-6 requires that salary is a mandatory subject of collective bargaining. A teacher's beginning salary at NMCSC has been discussed by NMCSC and NMTA.
2. Experienced teachers who are hired by NMCSC shall be paid a starting salary that is comparable to a current employee with similar years of experience and education level. If deviation from this amount is necessary to hire a teacher in a high-need area due to the academic needs of students, then the employee may, at the discretion of the Superintendent, be paid an amount up to three (3) salary steps higher than the comparable current employee.
3. If a teacher is hired from another district with a previous performance rating of Highly Effective, the base will increase by \$1,000.

Section D. Deductions for Absences

Deductions for Teacher personal absences, which are not covered by the Master Contract, shall be done on a daily basis (annual school year salary less extra-curricular paid assignments divided by the number of days in the school calendar).

Section E. Ancillary Duties

Teachers conducting ancillary duties (for example, summer school teaching, curriculum planning/work beyond the contract, training that takes place outside of contracted time) may be compensated with a one-time, non-recurring stipend.

ARTICLE IV. Fringe Benefits

Section A. Life Insurance

The Board shall provide for Teachers a group life insurance protection plan which shall pay the Teacher's designated beneficiary the sum of fifty thousand dollars (\$50,000) in the event of death; and in the event of accidental death, a sum of not less than two (2) times that amount shall be paid. The Board shall pay all premiums except for one dollar (\$1) per year, which shall be paid by the Teacher.

Teachers who do not apply for coverage when initially eligible may only apply during the open enrollment period. The open enrollment period is the month of October for coverage to begin January 1. When Medical, Dental, and/or Vision insurance is selected, it will take effect on the first day of employment and will terminate on the last day of employment. Teachers who do not apply for coverage when initially eligible may only apply during the open enrollment period. The open enrollment period is the month of October for coverage to begin January 1.

The LTD policy will reflect language allowing the employee to receive LTD benefits at the end of ninety (90) calendar days, regardless of the number of personal illness days the employee has accumulated. Teachers who are absent due to illness or injury for more than ninety (90) calendar days must apply for LTD coverage until they return to work. Every certified staff member must enroll in this LTD program.

Section L. Expanded Criminal History Checks

North Montgomery Community School Corporation will conduct an expanded criminal history check on each employee once every five (5) years and bear the cost of the expanded checks for teachers.

ARTICLE V. 1997-1998 Early Retirement Benefits (Old Plan)

This Article refers to those Teachers who were employed during the 1997-1998 school year and who elected, prior to January 1, 1999 to continue their eligibility in the 1997-1998 Master Contract.

Section A. Purpose

The purpose of this early retirement plan of the NMCSC has been from its inception and continues to be to provide benefits that create a bridge of benefits until a qualifying Teacher is eligible for unreduced Social Security benefits.

Section B. Qualification for Early Retirement Benefits

To qualify for early retirement benefits, a Teacher must be fifty (50) years of age and must be credited with twelve (12) years of full-time teaching experience in the NMCSC district no later than the first day of school of the year of the retirement; and must retire from public school full-time teaching employment in the State of Indiana. All such retirements must commence no later than the first day of school of the year of retirement. The first day of school is defined as the first day of student attendance. Teachers who elect to take early retirement are not eligible for unemployment benefits.

Section C. Schedule of Benefits

Any Teacher under the old retirement plan, as defined above, will receive, until they are eligible for unrestricted Social Security benefits, an amount of \$5,000.00 per year beginning in October of the first year that they begin retirement. This \$5,000.00 amount will be paid once per year in October of each year until a final benefit is received in the calendar year prior to the year the retiring Teacher is eligible for full Social Security benefits. In the event a retired Teacher applies for reduced

Social Security benefits at an earlier age, the Teacher will continue to receive this annual benefit until a final benefit is received in the calendar year prior to the year that Teacher reaches the age that he/she would normally qualify for full Social Security benefits.

Section D. Insurance Provision

A retiring Teacher may elect to participate in any insurance program the School Corporation offers its Teachers, until the teacher reaches Medicare age, provided he/she pays 100% of the premium for each insurance program in which he/she elects to participate. To be eligible for this provision, the retiree of the NMCSC must have been covered under the health plan for at least one (1) year January-December immediately prior to retirement and through final day of employment, retirees may not opt in and out of plan. After a retiree exits the plan, they are no longer eligible for open enrollment.

Effective with the 2007-2008 school year, all Teachers under the new retirement plan that took effect on January 1, 1999 will receive a School Corporation matching 403B annuity plan in the amount of \$1000.00 per Teacher who elects to participate in the 403B School Corporation match program. Any Teacher who elects to participate in the 403B plan owns 100% of the money placed into the plan plus any accrued interest earned in the plan. This program negates any prior agreement with the NMTA with regards to the 403B plan previously in effect. However, all benefits of the money in each Teacher's 403B accounts remains with each Teacher and the School Corporation has no rights to the money in any 403B accounts past, present or future. Furthermore, Teachers, who are under the new retirement plan, have no rights to any provisions outlined under the early retirement plan outlined in Article V.

Section A. Purpose

The purpose of the "new" retirement plan (defined as those Teachers not in the old retirement plan as outlined in Article V) is to establish a 403B annuity plan in lieu of any early retirement incentives for those under the old retirement plan.

Section B. Qualification

Section C. Schedule of Benefits

Each Teacher under this plan will be entitled to a 403B matching annuity plan. In order to qualify, a Teacher must place a minimum of \$1000.00 into the plan, and the NMCSC will match the \$1000.00 as a part of this 403B plan. A Teacher can put more than \$1000.00 into this plan but School Corporation monies will not match the amount over the \$1000.00.

Section D. Insurance Provision

To be eligible for this provision, the retiree of the NMCSC must have been covered under the health plan for at least one (1) year January-December immediately prior to retirement and through final day of employment - retirees may not opt in and out of plan. After a retiree exits the plan, they are no longer eligible for open enrollment.

Maternity leave or illness is not an intended purpose for using the Personal Illness Bank unless an unusual circumstance arises with the pregnancy that results in a catastrophic illness.

ARTICLE VIII. Evaluation
